Italian (mothertongue)
English (B2)
German (A1)

Who I am

I am a UX Designer with a great passion for interactions between humans and the digital world. I was born professionally as a front-end developer and, intrigued by the laws that dictate what a good interface is, I ventured into the rabbit hole, discovering the Wonderland of UX.

Work experiences

UX Specialist Junior
09/2021 - now, WOOLRICH Europe SpA, Milan

Improving tecnical part of the e-commerce, as cookie management, accessibility, search optimization and automatic checks on the catalog

UX/UI Designer and Developer
03/2019 - 03/2021, Opencontent SCARL, Trento

Designing the new SCADA interfaces of a national hydroelettric power provider. Management of the full project, from the sketch to the working example.

UX Designer
12/2018 - 04/2019, Consorzio Lavoro Ambiente, Trento

Management of the whole UX process from the UX Research to the testing of the live software.

Web Developer
06/2014 - 01/2018, Various company, Trento

Creation of a custom ERP Django-based.
Creation of new features of a B2B e-shop using on JS and Php.

Education

Master "Master Full Time UX Design"
03/2021 - 05/2021, Talent Garden Innovation School, Milan

Bachellor degree "Interfacce e tecnologie della comunicazione"
09/2015 - 09/2018, University of Trento, Rovereto

Professional course "Javascript Developer"
09/2013 - 06/2014, Red Oddity Srl, Bozen

Hobbies

Trumpet player
07/2007 - today, Corpo Bandistico di Mattarello, Mattarello

I have been playing the trumpet since I was 10 years old. I have been part of the local band since 2007 and I was the president from 2019 to 2022.

Gamer and PC Builder
2005 - today

The desire to disassemble an object and think about the design choices that influenced it led me to become passionate about pc-building.
